

# Net and platform neutrality in the EU

Innocenzo Genna  
Genna Cabinet

AIIP, Convegno Annuale, 19 aprile 2017

*The opinions expressed in this presentation are personal and do not represent the position of associations where the Author holds management responsibility*

- Innocenzo Genna, consultant on telecoms and Internet policy at EU Level
- Council officer of EuroISPA; former Chairman of ECTA (European Telecommunications Competitive Association); former General Counsel of the Tiscali Group; previously partner of Ughi & Nunziante, Italian law firm leader in telecoms
- 20 years expertise in regulation and market entry cases in telecoms and Internet sector

# Net neutrality EU framework

- Regulation 2120/2015
- Berec Guidelines
- Transparency rules (US Directive 2002/22)

In addition:

- Wholesale regulation
- Antitrust

# Platform neutrality: ongoing debate

- Commission's communication 25 May 2016
- Ongoing initiatives concerning
  - platform liability
  - level playing field
- Focus on B2B practices:
  - data access, (re-)use & portability,
  - legal terms & conditions
  - algorithms, ranking & transparency
- A possible proposal expected by the end of the year

Thank you

Innocenzo Genna

Genna Cabinet
